

# Installation Instructions, LPA762, adjustable tilt bracket

◀ LPA762 provides small workspace footprint for the LANpoint 7 Data Collection Terminal.

CONTENTS, LPA762:  
'U' mounting bracket, pivot bolts (2),  
thumb wheels (2), washers (4),  
rubber feet (4),  
installation instructions

▶ LPA762 contains these components

◀ Step 1: Optional; do not perform if intending to bolt-down the terminal. Peel & place rubber feet on bracket

▶ Step 2: If terminal has nylon waterproof screws on its sides, remove them (4 places)

◀ Step 3: insert two bolts & washers in center pivot hole, and insert thumb wheels & washers in swivel slot

▶ Finished: swivel terminal to most comfortable viewing angle
